

Worldwide Digital Advertising (WDA) is proud to announce its
"GIVE BACK PROGRAM"

ADVERTISE IN OUR SCHOOLS
Reach Parents, Students & Teachers!

Dear Business Owner:

It is not often that we get the opportunity to accomplish two important goals at the same time. Worldwide Digital's "Give Back Program" will allow you to do just that. By advertising your business on WDA's flat screen TV screen at Matanzas High School, Old Kings Elementary School or at Flagler Palm Coast High School, you will not only promote your business in a uniquely effective way, you will also help to raise much-needed funds for Flagler schools. It is a win-win formula for businesses and schools. Clubs and organizations can also advertise community events on this screen. Again, everyone benefits. Here's how it works.

Your custom-designed ad or announcement will appear on a flat TV screen strategically located in your school of choice. WDA will donate a percentage of the cost of this advertising back to the schools. These funds will be used at the discretion of school officials, and all ads are subject to approval.

Over the past four years, WDA has sponsored over two dozen programs and events which raised substantial funds for school and community causes. However, in these times of economic upheaval and massive cuts in public school funding, a new approach is needed. As the founder and digital media expert at WDA, I have come up with a fund-raising idea that will be year round and ongoing. I will help you advertise your business; together we will help our schools. Here are some details for you to consider:

The cost of placing a digital ad is only \$50. per month/per school. Your ad can be refreshed or updated monthly at no extra charge. Your screen ad will run for 20 seconds. This means that your ad will be seen approximately 9 times every hour, based on a cycle of 20 ads. Your ad can employ movement, flashing signage, and other visual effects. There is no audio component to interfere with activities nearby. A one time set-up and design fee may apply.

Worldwide Digital Advertising is asking for your support in launching its "Give Back Program". No one wants to see teachers let go, programs cut, or sports taken away from our young athletes. We encourage you to tell your friends and neighbors about the benefits of this program. Our schools need all the help they can get.

To set up an appointment with me to discuss the "Give Back Program," please call (386) 569-3225 Remember, by taking advantage of this unique advertising opportunity, you can help your business and help your child's school at the same time!

Sincerely yours,
Kim Sanborn
